

Brahmavid

THE GLOBAL SCHOOL

An Integrated approach to learning

PROSPECTUS

Who We are

Aiming to set up an international quality educational institution in the heart of Tribal Land and mark the beginning of a new era in the edu-world, the worthy members of **'ASK EDIFYING FOUNDATION'** laid the foundation of **Brahmavid - The Global School**.

It is a dream project initiated in the year 2013 that is woven around a concept to impact and transform the current education system with noble & innovative ideas.

Vision

"An Integrated approach to learning", to provide a child centric education integrated with life, prepare students for the challenges of a multifaceted world and help them contribute in making it a better place.

Mission

To make learning a "lovable", "enjoyable" and "memorable" journey where children engage with real life projects and connect their learning to self discovery and development.

ASK EDIFYING FOUNDATION RAIPUR

Core Values

- Acknowledge every child is **unique and intelligent** (the correct intelligences will be identified and nurtured)
- Stress on **holistic development** with multidisciplinary learning (life skills, value education, fine arts, sports etc.)
- Inculcate self-discipline by making children **responsible** for their own actions, nurturing them to become responsible citizens (social awareness, caring for environment)
- **Respect** individuality of a child (freedom of expression)
- **Avoid discrimination** of all types
- Nurture affectionate student - teacher **relationship**
- Encourage open **communication** between all stakeholders - parents, school and children
- Consider parents as **partners** in child development
- Value **work culture and professionalism**
- Understand that **learning** never stops
- Love what they do and strive for **excellence**
- Uphold **integrity** in everything
- Look beyond **Imagination** (to innovate and create)

Enablers In Learning

At BTGS, we promote continuous learning to get required skills needed to adapt in the changing environment. Lifelong learning is a compulsory aspect of BTGS for everyone who is directly or indirectly associated with the institution.

We strongly believe that being an educational institution, it is our priority to help every individual grow with continuous learning approach. This reflects in the value system of our institution. We have included many such programs in our academic session to keep the learning spirit alive.

Our Journey

The journey of BTGS started with a dream. A dream to build a school where knowledge knows no boundary. A dream to make the students self-aware and well acquainted with their rights & responsibilities. A dream to bring a change in the society by spreading the light of wisdom, not only to the minds but to the souls.

And nothing else but a 'GLOBAL SCHOOL' can be the only way to let us do so. Once, this was clear, it took almost 4 years for the members of BTGS to design such an education campus where focus is shifted from good marks to great minds.

Founder's Message

President

Coming to school should be fascinating and pleasurable experience for the childhood, with this sublime intent, we have laid down the foundation of this great institution in making.

Mr. Krishna Kumar Nathani
Ask Edifying Foundation

Mentors

Setting up a school always poses interesting and formidable challenges especially in information overloaded and highly technology enabled times like the present. Brahmaavid materialised from the vision of the team of founders and mentors who put their heads and hearts together to create a school with a difference. It is a place where the minds are as open and expansive as the sprawling campus; where learning is a way of life ; where students seek knowledge with passion; where they do not hesitate to ask questions and tirelessly look for answers from various sources; where they shall learn without fear of making mistakes; where technology and tradition go hand in hand to create the right environment; where creative thinking and scientific methods co exist; where the liberal arts and STEM education can happen without conflict; where leadership and entrepreneurship are developed through practical experience; where horizons of human capability shall be extended beyond imagination. Brahmaavid is indeed an educational dream come true for Raipurians !

Mr. Nandakumar Venkatraman
Ms. Mali Nandakumar

School Directors

We the founders of Brahmaavid The Global School come from a varied background as Professionals, Entrepreneurs, Educators and collectively believe that true success or potential can be realized when equipped with right knowledge, skills, passion, work ethic and we work tirelessly towards excellence.

At Brahmaavid, we believe in the holistic development of the child and have created a unique model to deliver the curriculum. We have spared no efforts to provide the best of facilities and a world class infrastructure towards achieving our objectives.

Besides, we strongly believe that character building is an important aspect of education. From the early times, character education has been the shared responsibility of parents, teachers and the community / society that children grow up in. It is a learning process that enables future citizens to understand, care about the people and the world around them and act on the strength of core values such as respect, justice, civic virtue, citizenship, and responsibility for self and others. It is upon the indestructible and enduring foundation of such core values that we form the attitudes and actions that are the hallmark of safe, healthy and informed communities. Brahmaavid is a labour of love and a manifestation of farsighted vision. We pledge to empower the little wings with the strength of values and wisdom.

We ensure you that Brahmaavid The Global School would provide the best of education, care and facilities to your child(ren) to nurture them into successful and responsible global citizens.

We wish all the success to the students of Brahmaavid The Global School.

Mr. Pratyush Padarha
Ms. Shobha Padarha

Senior Management Team

The promoters and the team of senior educational leaders together share a common vision and mission. As responsible decision makers they shall constantly endeavour to provide quality education while safeguarding a healthy, nurturing and secure learning environment, mindful of the welfare of every member of the student and staff community. The highly efficient team will strive to address every concern promptly and meet the expectations of students, staff, parents and guardians in a fair and just manner.

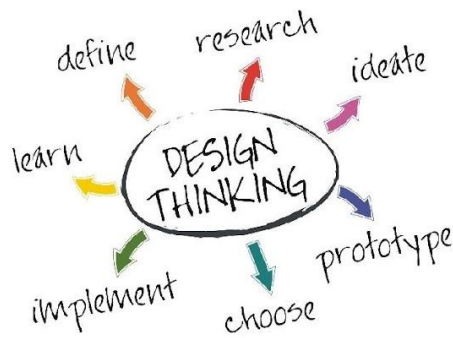

Faculty

BTGS is proud to have the best faculty in the town specialized in their area of interest. We have a squadron of highly qualified teachers with years of experience. Their experience help students to understand the core concepts in lesser time, better learning and easy adaptability to the environment.

Our Model

Brahmaavid- The Global School follows a four pronged model which focuses in parallel on the application of Multiple Intelligence based techniques, using Design Thinking approach for problem-solving, Integrated/Project Based learning setup and extensive use of ICT to create an effective learning environment.

Curriculum

At Brahmaavid, we aim to provide the best possible all-round education to every one of our students through a comprehensive curriculum and to produce inquiring, confident, responsible individuals who engage themselves positively with the society and the world. The school's curriculum is not simply a rigid set of prescribed course outlines, but a dynamic entity that keeps evolving.

Practice

Early Learning Programme {Age 3-5 years} [Classes: Nursery to Senior Kindergarten]

Early Learning Programme is the most important part of any curriculum as the physical, social and emotional development that occurs during this period has a significant impact on their future life. Brahmaavid creates a warm and affectionate learning environment for the tiny tots so that they have joyous experiences which will encourage them to explore their unique talents.

Primary Learning Programme {Age 6-10 years} [Grades: 1 to 5]

Primary Learning Program is an integral part of student's learning process. We help our learners discover who they really are and enable them to do what they love. We promote all round development of their physical, social, emotional and spiritual aspects, and work towards comprehensive academic progress.

Middle Learning Programme {Age 11-13 years} [Grades: 6 and 7]

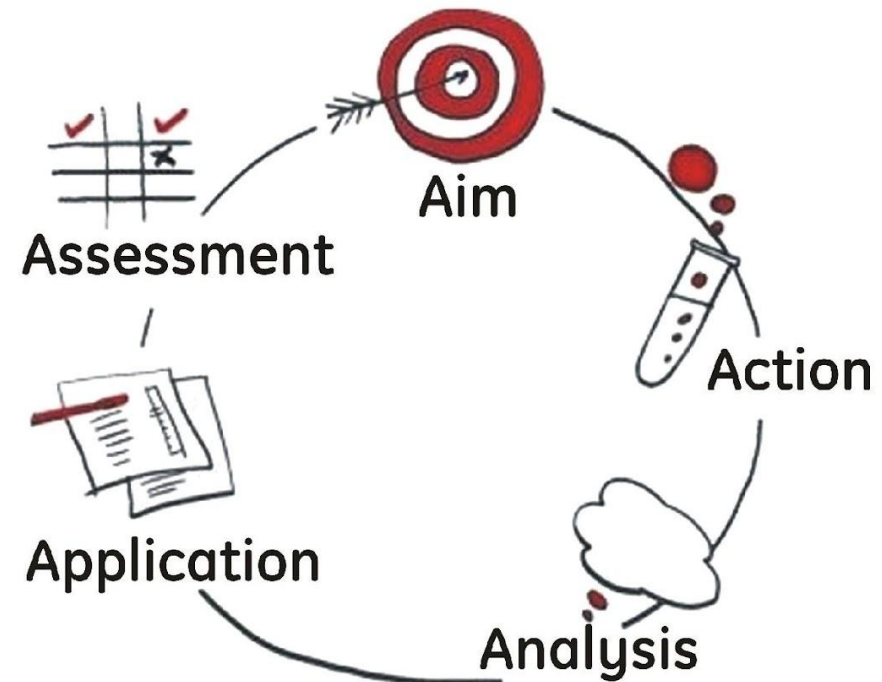

In this age group, the learning process is aimed at gaining knowledge methodically and comprehensively. Diversified learning approaches along with multi-sensory and hands on activities appeal to different learning styles. Our aim is to encourage students to develop research skills through independent enquiry, communication skills through drama, elocution or role play; and social skills through mutual respect, tolerance and ability to deal & and resolve a conflict.

Pedagogy

Our five-step experiential learning approach is enquiry based and constructive with hands on activities:

- We Aim** : To identify learning areas and clarify the outcome of every concept which will excite students about the learning outcome.
- We Act** : Different activities will be done by students to understand learning concepts and relate it to the real life. These activities would be based on different learning methodologies. These methods will help the students understand the concept in different enjoyable ways like role play, story based learning, mind mapping and also to explore different potentials or intellects hidden in the children.
- We Analyze** : In this process, students break a complex topic into smaller parts through group discussions, pair work and individual feedback in order to gain a better understanding of the concept.
- We Apply** : Students apply the gained knowledge and relate it to real world situations. They improve understanding and develop different skills by practicing and solving problems.

- We Assess** : We review their conceptual understanding, applied thinking and improved performances by means of various tools, like projects and presentations, written reflections, group discussions, individual conduct and team behaviour.

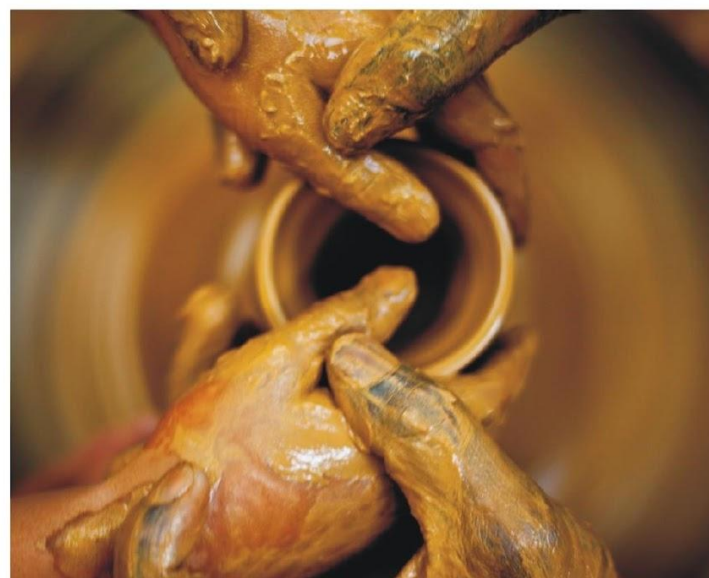

Methodology

- ◆ Brain Based Learning
- ◆ Brainstorming
- ◆ Circle Time
- ◆ Co-operative Learning
- ◆ Edu Buddies
- ◆ Flip Class Room
- ◆ Holistic And Integrated Learning Approach
- ◆ Role Play
- ◆ Story boarding
- ◆ Independent Learning

Board of Examination

Brahmavid pledges to make available the best of what Indian education offers with **CBSE** - quality education with a curriculum designed for the all-round development of every student. It helps to find out one's passion towards a particular sphere and nurture the required skills in the same direction.

Learning Spaces

At BTGS we have different learning spaces to enhance the knowledge and skills of our students. Our **multi level Learning Centre (Library)** is equipped with a rich collection of books, resources and digital content to give the students quiet corners to study and reflect. A **spacious Design & Technology Studio** provides a platform for children to learn experientially through exploration and also promote problem solving, creativity and critical thinking. A **well equipped ICT center (computer lab)** facilitates teaching-learning process, improves understanding and retention by using multimedia. **Composite Lab** with advanced equipments help students learn concepts under different branches of science in one place and encourage them to learn through experiments and research. **Performing arts studios (Dance, Drama, Music, Art & Craft)** are aesthetically designed with beautiful ambience to explore different fine arts skills of the students. **Language Lab** with modern audio visual aids enhances the language skills of students. **Big gazebos and the Central Courtyard** provides ample space to conduct outdoor classes and perform different activities. A **Life Skills Studio** is also made available for students to learn basic life skills required in today's constantly changing world.

Club Activities

A well-rounded education transcends academics and extracurricular activities, provide the best opportunities to acquire and enhance a host of life skills and shape the personalities of young students in a fun-filled environment. For the all-round development, students are required to participate in club activities. We have different Clubs like; Eco Club, Virtue club, Hobby Club, Literary Club and Photography Club in our school for the club activities. We firmly believe that active involvement in various club activities play a significant role in developing and encouraging students interest while exploring their inner hidden talents. Brahmaavid shall endeavour to provide a holistic education to its students through a number of enriching extracurricular activities.

Infrastructure

Spread over 9.25 acres sprawling campus amidst green surroundings, BTGS is an architectural marvel clearly reflecting the thought, passion and expertise gone into developing the world-class infrastructure. The structures are designed to be environment-friendly with the following features:

- ◆ Maximum exposure to natural light and air
- ◆ Waste management
- ◆ Water recycling
- ◆ Rainwater harvesting

Safety aspects include

- ◆ Fire Safety
- ◆ Camera surveillance
- ◆ Walking pathways

The infrastructure is also differently abled friendly with ramps, lifts and wheelchair - accessible toilets to provide friendly access to various sections of the campus.

The buildings have elements of traditional, colonial and contemporary architecture blended effectively keeping aesthetics and utility in mind. The structure, on one hand, has large corridors, courtyards, foyers, atrium, amphitheatres etc. for making most of the natural light and air, and on the other hand, it has comforts of air conditioners to counter the harsh weather conditions.

- | | | |
|-----------------------------|-------------------------------|---------------------------|
| ◆ Amphitheatre | ◆ Cricket Nets | ◆ Internal Car Parking |
| ◆ Kindergarten Play Area | ◆ Tennis Court 1 | ◆ Internal Bike Parking |
| ◆ Skating Rink | ◆ Tennis Court 2 | ◆ Internal Bus Bay 1 |
| ◆ Volleyball Court | ◆ Basketball Court | ◆ Internal Bus Bay 2 |
| ◆ Play Station Main School | ◆ Gazebo 1 (External classes) | ◆ Pathways |
| ◆ Jungle Trail | ◆ Gazebo 2 (Sports Pavilion) | ◆ Internal Concrete Roads |
| ◆ Football/Athletics Ground | ◆ Outside Parking | ◆ STP Plant |

Facilities

Sports & Adventure

Brahmavid School shall provide an assortment of indoor and outdoor activities to promote physical fitness and nurture the spirit of adventure in students. It shall also organize and promote intra-school and inter-school competitions and tournaments to not only showcase in-house talent but also provide exposure at different levels. Activities include: Cricket, Football, Lawn tennis, Basketball, Table tennis, Chess, Gymnastics, Yoga, Treks and Excursions.

Transport

Comfort and safety are intrinsic to the transportation services provided by Brahmavid. All the buses are air conditioned, equipped with RFID and CCTV cameras which helps to monitor and locate them with GPS tracking system. We have different bus routes throughout the city. Every bus will have a driver and a lady conductor. Every conductor will carry a mobile phone for easy access.

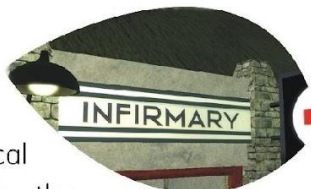

Food

A healthy mind lives in a healthy body. At Brahmavid, nutritious and pure vegetarian food is prepared every day in the spacious kitchen well equipped with cutting edge technology. Breakfast, lunch, juice, soup and snacks are hygienically prepared and served fresh. The dietician-advised menu, drawn from a variety of cuisines and catering to every palate and age group is as appetising as it is nourishing.

Medical Facilities

School has a well equipped infirmary to cater to any medical emergencies inside the campus. The infirmary is equipped with beds, examination table, medicines and essential equipments to provide first aid to students and staff in case of minor injury /sickness. A full time nurse shall provide the required medical assistance in times of need. There is direct access to ambulance in case of any emergency.

Residential Programme

At BTGS, we have residential facility to accommodate around 200 students from class IV onwards. There are separate residential blocks for boys and girls. Our hostel is equipped with all the modern amenities including air conditioned rooms, recreational room for relaxation and for pursuit of hobbies. Common study areas for post school study hours, project room for collaborative learning with peer group, medical center to cater to any medical emergency, laundry and tuck shop to meet their personal needs. There are coaches for sports/yoga/meditation to promote physical well being and also mentor time to share and solve problems. Our residential facility is a home away from home for your child.

Why Brahmavid?

Sprawling 9.25 Acres campus with CCTV Surveillance amidst green surroundings.

BTGS is within the city limits.

Bus facility with CCTV and GPS

Maximum of 30 students in each section

Holistic and integrated learning approach.

Especially designed life skills studio to get kids ready for life.

Multi-level Library to promote the progress of knowledge

Beautifully designed auditorium for Theatre performances.

Design and Technology lab to practice 21st Century Skills

Continuous skill enhancement and trainings for teachers.

We nurture affectionate student-teacher relationship

Open spaces for outdoor classes.

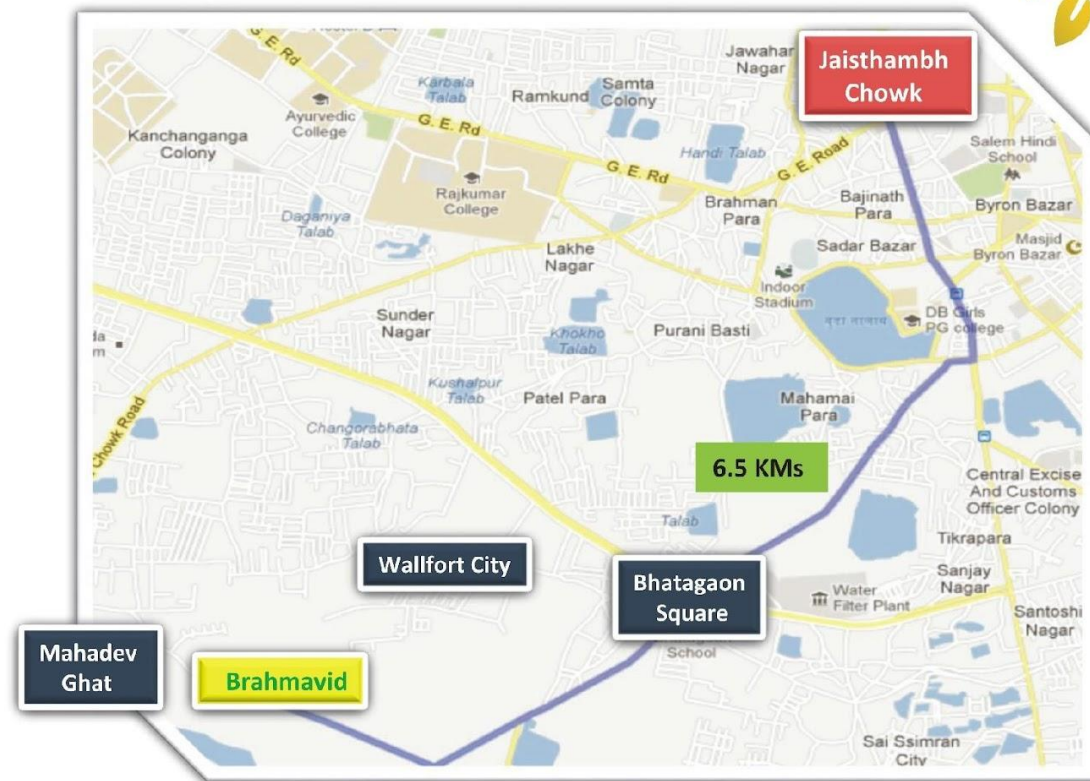

Location

Set in a peaceful environment and surrounded by lush green area, with the river Kharoon flowing beside, BTGS's location adds charm to the infrastructure. The school is within 10 kms from all major residential localities of Raipur.
